

Toy Request Form

San Bernardino County Fire Department has partnered with Children's Fund to distribute toys to nonprofit organizations in San Bernardino County this holiday season. We do not provide toys directly to individuals and encourage residents to join forces with nonprofit organizations in their community to request toys.

Residents may also call 2-1-1 or information regarding toy drives and resources in their area.

If you are a nonprofit organization, please complete the 1) toy request form below including your 501(c)3 Tax ID number for verification, as well as the 2) toy request accountability form (must keep in Excel-do not convert to pdf) and email both completed forms to COG@childrensfund.org.

While Children's Fund will do our very best to meet all the needs, please know that there is no guarantee that you will receive toys.

Nonprofit staff or related individuals are not able to volunteer.
